

# Choose the price plan that's right for you.

## Utilities offer three types of price plans

which means customers can choose a plan  
that best reflects when and how often  
they use electricity.

### Time-of-Use (TOU) and Ultra-Low Overnight (ULO)

---

The price for both of these plans depends on  
when you use electricity. On each of these  
plans, you can help manage your electricity  
costs by shifting your usage to lower  
price periods when possible.

### Tiered

---

With Tiered prices, you can use a certain amount  
of electricity each month at a lower price. Once  
you exceed that limit, a higher price applies.

Effective November 1, 2025, the Ontario  
government's Ontario Electricity Rebate (OER)  
will change to 23.5%.
