6. Winner Selection

A random draw will be conducted on or about December 21, 2026, from all eligible entries.

Bluewater Power will generate a list of eligible customers using its customer information and billing systems.

Duplicate customer records will be removed to ensure that each eligible customer receives only one entry.

One potential winner will be selected at random from the final eligible entry list.

The odds of winning depend on the total number of eligible entries.

Bluewater Power will attempt to contact the selected entrant using the contact information maintained in its customer records.

The selected entrant must respond within five (5) business days of the initial notification.

If the selected entrant cannot be contacted, does not respond within the specified period, or fails to satisfy the Contest requirements, another potential winner may be selected at random.

8. Skill-Testing Question

Before being declared the official winner, the selected entrant must correctly answer a time-limited mathematical skill-testing question without assistance or the use of a calculator.

Failure to answer correctly will result in disqualification, and another potential winner may be selected.

9. Prize Acceptance

The selected entrant may be required to provide information reasonably necessary to confirm eligibility and arrange prize delivery.

The confirmed winner may also be required to sign a declaration of eligibility and prize release, subject to applicable law.

Prize pickup or delivery arrangements will be coordinated directly with the winner.
